

# Needs attention flag (discussion)

Hey! This page is flagged as “needs attention” [in here](#). Is it because it doesn't match the current English one, or are there other issues that should be addressed? — [Helio Costa](#) 2024/04/01 18:12 (UTC)

The Wiki considers the English version of any page as the original source. If the Wiki flags a translation page, it is because the latest revision of the english version of that page has a timestamp which is newer than the translation.
