I'm Doug Peterson, aka GalenDP. I am a long time Slackware user.

Here are some of the things I would like to add to SlackDocs

Architecture information

ARMedSlack is the official ARM port of Slackware. Other???

Platform specific information

Information on how to get ARMedSlack working on a Raspberry Pi AKA SlackBerry. This proves to be fun as you don't have a CD/DVD drive to boot from.

Application Specific HowTo's for Linux

I want to document how I got the following working with Slackware.

- KiCad
- Tor
- Running Slackware inside VirtualBox.
