About markush

I'm Markus Hutmacher from Germany (markush at linuxquestions.org). I'm 47 years old and did my first Slackware-installation back in 1994. Slackware was my first distribution, but not my first experience with Unix. After a few years with Arch and Gentoo I'm now using Slackware exclusively when working with Linux. In my Job I'm a Windows-Sysadmin but use Linux for my daily work as much as possible.

Contributions to SlackDocs by markush

- How to search and read Manpages efficiently
- CPU-frequency scaling with Slackware
- Xmonad as a Windowmanager for Slackware
- Using a Scanner in a Network
- GPS-devices
- Configuring a Wireless Access Point
